AMERICAN BUILDING COMPONENTS

ENERGY STAR

Manufacturer's Energy Star Certification

American Building Components (ABC), an NCI company, certifies that the following coatings meet or exceed Energy Star program requirements for steep-slope (greater than 2:12) roofs in accordance with IRS notice 2009-53. Furthermore, one of these coatings on any metal roof panel sold by ABC meets the definition of an Eligible Building Envelope Component classified as a Metal Roof under Section 4.01 of the notice.
